

Goals for the CBCIA Security Committee

2009-2011

1. To monitor community crime through the use of www.crimereports.com
2. Supervise gate installation project, which will include the following:
 - Distributing information about the new gate system, including a FAQ page on the website
 - Programming new gate system
 - Distributing gate cards
 - Maintaining/updating the gate system
 - Responding to requests for short-term cards
 - Ensuring security equipment is operational
3. Reside and repaint the guard building
4. Continue to distribute parking decals
5. Suggest a revision to the ordinances that would allow residents' guests to use facilities without the resident being present through the use of guest passes.
6. Create a security page on the CBCIA website
7. Get volunteers for the security committee from different areas of the community and perhaps form an informal neighborhood watch program.
